GIBBS, OH YOU JIMMY, YOU'RE THE CANDY KID

Refreshing Exhibition of the National Game at Newfield

O'Rourke Chased Rube Pollard in the First and 'tis Well He Did as Results

· Jimmy Gibbs was again sent in to ave the same for the Orators yesterday and came out with flying colors. It was right at the start after Rube Pollard had walked both Maggert and Whalen that Manager O'Rourke decided that he was too wild and sent him to the stables. Gibbs started under difficulties, with two on and pone down, but his good head work was with him all through. The Ponies had the bases filled in the fourth with two

Waite ran backwards for the hit, going plump into an automobile which was moored in the bullrushes. The bell was lost. Cy made the circuit of the bases and Waite went down for the count. It was some time before play was resumed, as Waite had his hand cut from the glass on the auto, and also had his wind missing. He continued to play after his mishap.

A double followed by a single scored the only run for the visitors. The game:

INDUSTRIAL LEAGUE GAMES TOMORROW

"Typewriters" vs. "Bullets," Crane No. 1 vs. A. & B. Team Meet at Newfield Park.

The first game at Newfield park tomorrow will be a scorcher when those
old rivals of the diamond, the Union
Typewriters and the U. M. C.'s meet
for their second game of the Industrial league series. On their former
appearance the Cartridge shop boys
lost 7-1, but it goes without saying
that the game to-morrow will not be
by that score. Jack Coffey, the Cartridge shop twirler, has been rounding
into form since the beginning of the
season and confidently expects to place
a deteat in the Yosts' standing. Manager Lynch expects to trot out either
Frank White or Amos Johnson to
serve up the benders for the Typewriters.

The second game will be between the The first game at Newfield park to-

writers.

The second game will be between the Crane Valve Co. No. 1 team and the American & British Co. team. These clubs play to win, baseball resulting every minute.

At Crane Field the Singers and the No. 2 Cranes will get together. Singers were victorious in their former encounter, but the No. 2's have strengthened greatly since that contest and will go into the same to win. Red

Choosing a Builder.

The selection of a builder is quite as

Important a matter in putting up a house as the choice of an architect. Don't choose the cheapest builder merely because he is cheapest. If you accept his bid, find out the reason of the cheapness. Frequently the builder is a man of little means, and often he operates on borrowed capital Should the builder become bankrupt or fail to pay for his labor or materials the owner, under the mechanics' laws of most states, becomes liable for the builder's debts. This is true even though the owner has paid the builder for his work. In order to obtain his house free and clear in such a case the owner must meet the builder's obligations, The prudent owner will, of course, pay for his house only as it is constructed. Even then it would be a useful caution to make sure that the builder has paid his indebtedness on the house. Payments are usually made the builder end of the pendulum is a large stone,

the frame is up, when the house is closed, when the plastering is finished and when the completed house is turned over to the owner.-Circle Magazine.

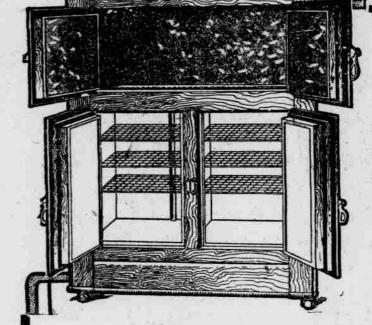

Ancient Castle, Curious Clock. Rushen castle. Castledown, Isle of Man, is the ancient seat of the kings and lords of Man. The castle is a veritable curiosity both historically and otherwise. The first mention of it dates to the year 1257. It was taken after six months' siege in the year 1315 by Robert the Bruce. The castle is built of limestone and is not a ruin. Until a few years ago it was used as a prison. The town clock seen in the castle wall was presented by Queen Elizabeth in the year 1597. It has only one hand on the dial. This is the hour hand. The minutes are judged by the position of the hand between the hours. The works of this clock are also a curiosity. The weight at the
